## EDUCATION

### Galgotias University

B.Tech - Computer Science and Engineering

2025

Greater Noida, Uttar Pradesh

### Jaycees Public School

Secondary and Senior Secondary - PCM

2021

Rudrapur, Uttarakhand

## SUMMARY

Web Developer skilled in React.js, JavaScript, and databases, with experience building responsive, real-time applications. Strong problem-solver committed to clean, maintainable code. Quick learner and collaborative team player eager to deliver impactful solutions. Enthusiastic about leveraging technology to solve real-world problems.

## PROJECTS

### VisionAI: Real-Time Object Detection 🔗 | (Python, COCO dataset)

2023

- Engineered a real-time object detection system using YOLOv8, trained on the COCO dataset for high accuracy multi-class object recognition.
- Optimized detection algorithms for speed and accuracy, significantly improving object recognition efficiency.
- Achieved high-precision object detection with YOLOv8, enhancing real-time image analysis across diverse scenarios.

### InstaTalk: Real-Time Chat Application 🔗 | (React, JavaScript, Socket.IO)

2024

- Built a real-time chat app using WebSockets (Socket.IO) and React for instant messaging.
- Integrated Firebase authentication and typing indicators for a dynamic user experience.
- Enabled message history with local storage/database for seamless conversation continuity.

### TaskFlow: Smart Task Management System 🔗 | (React, Firebase, Bootstrap)

2024

- Built a dynamic task manager with intuitive drag-and-drop UI using React DnD.
- Implemented persistent task storage with Firebase for seamless data management.
- Designed a responsive interface for smooth task management on both desktop and mobile.

## EXPERIENCE

### Freelance Web Developer (Remote) 🔗

2023 - present

- Delivered 3 production-ready React.js web apps with real-time chat, achieving 30 % faster load times and supporting over 100 active users.
- Worked with 2+ clients to deliver clean, user-focused solutions tailored to requirements.
- Optimized front-end performance for faster load times and enhanced UI/UX.
- Communicated clearly with clients to align on goals and timelines.
- Managed clean codebases with Git and GitHub for smooth collaboration.

## TECHNICAL SKILLS

**Programming Languages :** JavaScript (ES6+), C++, SQL, HTML5, CSS3

**Frameworks Libraries :** React.js, Bootstrap

**Databases :** Firebase, MongoDB, MySQL

**Tools Platforms :** VS Code, Git, GitHub, Canva

**Development Practices:** REST APIs, Agile/Scrum, UI/UX Design

## CERTIFICATIONS

- Microsoft Certified: Azure Fundamentals (2024)
- Cisco Certified Network Associate (CCNA, 2023)
- CS50: Introduction to Computer Science (HarvardX, 2023)

## ACHIEVEMENTS

- Participated in Technothon 2.0 as a team member, collaborating on a notable project, and gained valuable experience in problem-solving, teamwork, and innovative thinking.
- Contributed regularly to open-source React projects on GitHub — fixed bugs, improved documentation, and collaborated via PRs.
